

# ConBuild 2011 Vietnam

International Trade Fair for Construction and Building  
-Machinery, Equipment, Materials, Vehicles, Technology & Services

No 2 Bukit Merah Central, The SPRING Building #03-00, Singapore 159835, Tel : 6826 3000, Fax : 68263068, Website : [www.smafederation.org.sg](http://www.smafederation.org.sg)

Singapore Manufacturers' Federation with the support of IE Singapore is organizing a Singapore Pavilion at the **ConBuild Vietnam 2011** (International Trade Fair for Construction and Building – Machinery, Equipment, Materials, Vehicles, Technology & Services) to be held from **7 – 10 December 2011 at Saigon Exhibition & Convention Center, Ho Chi Minh City, Vietnam.**

## Why participate?

Huge infrastructure projects, current and scheduled through to 2020 are the largest component of the building and construction sectors. Vitally necessary as Vietnam becomes a globally integrated economy, the projects initiated by the government include construction of highways, bridges, railways, ports and power plants.

The real estate sector is also performing strongly. Population growth in the cities and increasing urbanization are leading to a strong demand for new housing, while there is also a very large program underway by the government to construct homes for low-income earners. In the tourism industry, more luxury hotels are being developed to accommodate international visitors. Demand for quality office accommodation continues to rise as local companies become international in outlook and overseas companies invest in Vietnam.

ConBuild Vietnam 2011 is now a well-established showcase for the construction and building industries, evidenced by the number of leading machinery, vehicles, equipment and materials manufacturers and suppliers who take part in the show each year, and by the exceptionally high number of quality visitors from the public and private sectors who attend.

The exhibition puts all participants in close proximity to the relevant government ministries and departments, the industry associations and institutes, and the procurement offices of the state-owned and private sector construction, building and mining companies.

ConBuild Vietnam 2011 is being organized in close co-operation with the Vietnam Ministry of Construction, and endorsed by approximately 30 other ministries, government departments, associations and relevant international and local industry organizations directly involved in the development of Vietnam.

## Financial Assistance

SMA has obtained approval from IE Singapore for the Singapore Pavilion in **ConBuild Vietnam 2011** to be covered under the International Marketing Activities Programme. iMAP enables companies to receive up to 50% subsidy of total eligible costs in:

- Up to 50% subsidies of space rental and stand construction
