

Signs of Recovery in Ba Ria-Vung Tau

02/08/2009

Investment attraction in the southern province of Ba Ria – Vung Tau has shown signs of recovery since the second quarter of this year, according to the provincial Industrial Zones Management Board.

In July alone, the board granted licences to three new projects worth over US\$44 million, bringing the total of licensed projects in the province during the first seven months of this year to seven, with an approximate capital of \$1.22 billion.
